

GMW Inc.

January 17, 2018

1509 Castalia St

Memphis TN 38114

Dear Don,

I wanted to take a moment to say how much we appreciate our business relationship with GMW. The current state of today's business environment has made it hard to find companies like yours with the high standard of integrity, quality, and customer service. Over the past twenty years, every project, build, and repair we have sent to your company has not only met but usually exceeded our expectations.

From our team to yours, we would like to thank each and every team member that represents GMW from the front office, to the machine shop and the fabrication department for their dedication to great service and quality work we have received!

We look forward to working with GMW over the next twenty years.

Sincerely,

Ronnie Kiihnl
